sorts of things. Not to diminish the interest the designation of some state acknowledgement for a variety of other people, whether they're Pearl Harbor survivors or whatever, but we do want to try to get to a system later on that is uniform so that other people such as Kiwanis Clubs or be they universities or private colleges would have some way of uniformly doing this and I would ask that the body support the committee amendments at this time and that when you see 465 that will not take place this year of doing the specialty plate through the Department of Motor Vehicles and an adhesive sticker. Thank you.

SPEAKER WITHEM: Thank you, Senator Kristensen. I'd like to announce while the Legislature's in session, capable of transacting business, I would propose to sign and do sign Legislative Bills 1044, 1044A, 253, 253A, 414, 414A, 842, 922, 922A, 923, 962, 1138, 1138A, 1141, 1162, and 1184. Senator Beutler to speak.

SENATOR BEUTLER: Senator Withem, Senator Kristensen, Senator Brashear, I don't want to take more than 15 seconds. Let me just throw out one question and if either of you could answer it in the time that you're taking, I'd be grateful. It says that the in excess of \$5 million, as I understand it, the proceeds from the license plates will be divided equally between the campuses of the state college system and the University of Nebraska. Just a clarification, does that mean the University of Nebraska gets half and all of the campuses of the state college system together get half, or is it some other division intended?

SPEAKER WITHEM: Senator Kristensen.

SENATOR KRISTENSEN: Thank you, Mr. President. The intent of the committee amendment was that those campuses, you'll divide the money equally and campuses will get their individual share. You're just going to split it among all campuses. You're not going to put half to state college, half to the university system. You're going to give it to the individual campuses.

SENATOR BEUTLER: So each of the three campuses will get a fourth and the university will get a fourth. Is that the way it would work?

SENATOR KRISTENSEN: Well, Senator Beutler...
